M&M

DISTRIBUTION

MEET THE TEAM

Thank you for your interest in the Asphalt Sealcoating Direct product line!

Before you get started though, we would like to take a few minutes to introduce the team that rocks the sealcoating industry by providing cost effective equipment and supplies. Meet the owners of M&M Distribution and the face of Asphalt Sealcoating Direct:

Carl Morris
President / Sales

Carl Morris is the man on the phones. If you want to order or have questions about a product, Carl is the guy to talk to. He has been around the sealcoating industry since the early 80's and knows his stuff. Carl's favorite past time is working in the barn to make rustic furniture for friends, family and anyone who wants to buy it.

Brad Morris
Product Sourcing / Technical / Customer Support

Brad Morris is the original founder of Asphalt Sealcoating Direct and the guy to talk to about any technical questions or problems you're having with our products. His favorite past time is fishing and growing as a successful business owner.

Carol Morris
Order Processing / Shipping Coordination

Carol Morris is the sidekick to our sales department and wife of Carl Morris. Carol makes sure that when an order comes through, it gets processed, shipped and you get a tracking number. Her favorite past time is watching the grandkids and giving a helping hand at various church events.

Penny Morris
Accounting & Finance

Penny Morris is the wife of Brad and the key player in keeping the books straight and the bills paid. Penny is usually behind the scenes, but rest assured, she doesn't miss a thing when it comes to numbers. Her favorite past time is watching the grandkids and enjoying life.

Phil Ward
Information Technology / Marketing

Phil is the guy behind the scenes, building the website and making sure our brand and online presence is where it's supposed to be so folks like you can find us easy. His favorite past time is riding his motorcycle and staying on top of everything tech and branding.

ASPHALTSEALCOATINGDIRECT™

M&M Distribution specializes in Asphalt Sealcoating and Crackfilling tools and equipment for professionals, municipalities, organizations and DIY home owners. Our goal is to advise you on the right equipment and supplies to get the job done.

Our equipment and supplies inventory are too extensive to list in this catalog but we have included our most popular items here. Keep in mind that if you need an item not listed in this catalog, please call us toll free at 1.800.689.2098 and speak with our trained experts about your need. We probably have it or can get it for you!

We work closely with dozens of specialty manufactures to bring you a very large assortment of tools and products and we are constantly adding more items to our product list. While we have equipment manufactured privately just for us, we also offer some of the brand names that you know and trust including Marshalltown, Bon Tool, Kraft Tool, Czar, Newstripe, Vibco, Titan, Billy Goat and many more.

Please keep in mind that while every effort has been made to ensure the accuracy of this catalog, we are not responsible for printing errors and pricing mistakes. We recommend that you check our main web sites for current pricing at:

WWW.ASPHALTSEALCOATINGDIRECT.COM

You will also have access to many more products from our website. Please download our current catalog price sheet for use with this catalog.

Our company is made up of people that have experience in the asphalt and concrete industry and we will be happy to answer your questions. We value our customers and will make every effort to make sure that your shopping experience is an easy and pleasant one. Our motto is: "Taking Care of the Customer" and we are committed to doing exactly that.

Thank you for shopping with **ASPHALT SEALCOATING DIRECT!**

OVERVIEW OF ASPHALT SEALERS

Asphalt Sealcoating Direct carries premium asphalt sealers designed for use on parking lots and driveways. Our sealers are available in several sizes of containers including 5 gallon pails, 55 gallon barrels and 275 gallon totes.

Our Big A Sealer is a water based asphalt emulsion sealer that is quickly becoming the only type of sealer allowed for the resealing of asphalt pavement, due to environmental issues and new regulation enacted by the EPA in an effort to protect our groundwater from pollution. There are many benefits to using asphalt emulsion based pavement sealers but the biggest are the safety issues. It has near zero VOCs, is environmentally friendly, is not hazardous and cleans easily with water. It can also be applied on damp surfaces and usually requires only a "single coat" application if applied by broom or squeegee.

Dry to touch time is usually within an hour and traffic can be allowed to drive on the new sealer in twenty four hours or less. The Big A sealer can be applied at night, making this sealer the preference for commercial parking lot sealcoating applications.

The Big A Asphalt Sealer includes slate instead of sand which provides excellent adhesion and traction making it the perfect choice for areas having slopes or areas where you need added traction and anti-slip surfaces.

Apply the Big A Asphalt Sealer onto clean, dry or damp surfaces from which all contaminants have been removed: i.e. built-up crankcase drippings, oil spots, loose traffic paint, etc. Scrape these areas with a wire brush and using a torch or Asphalt Oil Spot Sealer to cover or remove affected areas. Clean Asphalt Cracks and Fill asphalt cracks with a quality cold crack filler or hot crack filler.

Please call us at 1-800-689-2098 or view our website for additional information and MSDS sheets.

ASPHALTSEALCOATINGDIRECT™

BIG A ASPHALT SEALER

5 GALLON BIG A ASPHALT SEALER

- 5 Gallon Bucket of Big A Asphalt Emulsion Sealer
- Covers approximately 400 - 500 sq ft per container
- Ready-to-Use and includes slate abrasives
- Low VOCs; cleans up with water; environmentally friendly

ASDAE-SS5-1

55 GALLON BIG A ASPHALT SEALER

- 55 Gallon Bucket of Big A Asphalt Emulsion Sealer
- Covers approximately 4,000 - 5,000 sq ft per container
- Ready-to-Use and includes slate abrasives
- Low VOCs; cleans up with water; environmentally friendly

ASDAE-SS55-1

275 GALLON BIG A ASPHALT SEALER

- 275 Gallon Bucket of Big A Asphalt Emulsion Sealer
- Covers approximately 16,800 - 21,000 sq ft per container
- Ready-to-Use and includes slate abrasives
- Low VOCs; cleans up with water; environmentally friendly

ASDAE-SS275-1

COAL TAR SEALERS

5 GALLON COAL TAR

- Ready-to-Use
- Purchase with or without sand
- Covers 400 - 500 sq ft per container

NO SAND: 3J16RTU SAND: 3J16S

55 GALLON COAL TAR

- Ready-to-Use
- Purchase with or without sand
- Covers 4,400 - 5,500 sq ft per container

NO SAND: 3J1655RTU SAND: 3J165S

275 GALLON COAL TAR

M&M Distribution specializes in Asphalt Sealcoating and Crackfilling tools and equipment as well as Concrete Tools for the professional, municipality and novice and we will advise.

MI-275Sealer

5 GALLON FASS DRI COAL TAR

- Contractor grade coal tar sealer with sand
- Dry to Traffic in 1 hour or less
- Perfect for high traffic parking lots

3FD5

45 GALLON FASS DRI COAL TAR

- Contractor grade coal tar sealer with sand
- Dry to Traffic in 1 hour or less
- Perfect for high traffic parking lots

3FD45

BIG A ASPHALT REPAIR SUPPLIES

5 GALLON BIG A ALLIGATOR PATCH

- Repairs alligator cracks, shallow bird baths and wide cracks
- Easy to use, environmentally friendly, cleans up with water
- Covers upto 100 sq ft per 5 gallon container

ASDAE-AP5-1

1 GALLON BIG A TACK KOTE

- Asphalt surface prime for maximum bonding
- Perfect for priming sealcoat, pothole patch and alligator patch
- Undiluted, container covers 200 - 300 sq ft

ASDAE-TK1-1

5 GALLON BIG A TACK KOTE

- Asphalt surface prime for maximum bonding
- Perfect for priming sealcoat, pothole patch and alligator patch
- Undiluted, container covers 1,000 - 1,500 sq ft

ASDAE-TK5-1

55 GALLON BIG A TACK KOTE

- Asphalt surface prime for maximum bonding
- Perfect for priming sealcoat, pothole patch and alligator patch
- Undiluted, container covers 11,000 - 16,500 sq ft

ASDAE-TK55-1

ADDITIONAL ASPHALT REPAIR & MATERIAL HANDLING

5 GALLON OIL SPOT SEALER

- Seals oil and gasoline spots prior to sealcoating; prevent “bleeding”
- Concentrated: 1 gallon of concentrate makes 3 gallons of product.
- Covers 175 - 200 sq ft per 1 gallon of mixed product

MI30SS5

POTHOLE PATCH - PALLET

- Cold asphalt patch for filling and repairing pot holes
- Pallet consists of 63 bags at 50 lbs per bag
- 1 bag covers 5 sq. ft. at 1" depth

ASD-163503/04

55 GALLON HAND TRUCK

- Handles 30 to 55 gallon drums up to 1200 lbs
- Handles 26 inch to 48 inch high drums
- Services steel, plastic or fiber drums

76A59

55 GALLON PALLET HAND TRUCK

- Handles 30 to 55 gallon barrels up to 1000 lbs
- Handles 22-1/2" to 44" high barrels
- Services steel, plastic or fiber drums

9268-63

BIG A ICE MELT

5 GALLON BIG A PELLET ICE MELT

- Dry Pellet Calcium Chloride Pre-Treatment De-Icer
- Makes up to 16 gallons of liquid solution
- Safe for all pavements (concrete over 1 yr)

ASDIM-P5-1

50 LB BIG A PELLET ICE MELT

- Dry Pellet Calcium Chloride Pre-Treatment De-Icer
- Makes up to 20 gallons of liquid solution
- Safe for all pavements (concrete over 1 yr)

ASDIM-P50B-1

55 GALLON BIG A LIQUID ICE MELT

- Pre-Treatment Liquid Calcium Chloride De-Icer
- 55 gallons of ready-to-use solution
- Safe for all pavements (concrete over 1 yr)

ASDIM-LR55-1

275 GALLON BIG A LIQUID ICE MELT

- Pre-Treatment Liquid Calcium Chloride De-Icer
- 244 gallons of ready-to-use solution (135 gallon concentrate also available)
- Safe for all pavements (concrete over 1 yr)

ASDIM-LR275-1

BIG A COLD CRACK FILLERS

1 GALLON BIG A POURABLE CRACK FILLER

- Perfect Homeowner Size
- Fill cracks without expensive equipment
- Contractor grade formula
- Covers 200' - 225' of 1/4" x 1/4" cracks

ASDAE-CF1-1

5 GALLON BIG A POURABLE CRACK FILLER

- Contractor grade formula
- Fill cracks without expensive equipment
- Easier to handle than hot rubber crack fill
- Covers 1,000' - 1,125' of 1/4" x 1/4" cracks

ASDAE-CF5-1

55 GALLON BIG A POURABLE CRACK FILLER

- For the serious professionals who want to save money on bulk
- Fill cracks without expensive equipment
- Contractor grade formula
- Covers 11,000' - 12,375' of 1/4" x 1/4" cracks

ASDAE-CF55-1

HOT CRACK FILLERS

SINGLE BOX 30LB RUBBER

- Hot Rubber for crack repair
- Perfect for direct fire melters
- Sold as single 30lb block of rubber

33561-30

HALF PALLET 30LB RUBBER

- Flex-A-Fill Direct Fire Parking Lot Crack Repair Rubber
- Half pallet with 30 boxes per pallet
- Each box weighs 30 lbs

35361-30

FULL PALLET 30LB RUBBER

- Flex-A-Fill Direct Fire Parking Lot Crack Repair Rubber
- Full pallet with 75 boxes per pallet
- Each box weighs 30 lbs

35361-75

QUICK JOINT CRACK REPAIR TAPE

- Easy to apply and lasts for several years (requires heat source)
- Available in 1", 2" or 4" rolls that are 50' in length
- Stops moisture and dirt from penetrating the crack

1" 3QJ1 | 2" 3QJ2 | 4" 3QJ4

1/2" CRACK STIX FOR ASPHALT & CONCRETE

- Easy to apply (requires heat source)
- Ships in 2 gallon pail with 125 ft of CrackStix
- Ideal for home owners and contractors for asphalt or concrete

ASPHALT: ASD-DE-2050 CONCRETE: ASD-DE-2051

AEROSOL PAINT & APPLICATORS

AEROSOL PAINT

- 12 cans per case with various colors available
- Easy to apply and great durability
- 18oz cans cover up to 250 linear feet per can

ASD-DSW

AEROSOL CHALK

- 12 cans per case with limited colors available
- Easy to apply and great durability
- Takes 2 - 3 good rain storms to wash away

ASD-DSCHW

AEROSOL LINE STRIPER

- Preferred by small property asphalt owners on a budget
- Simple: Insert Can, Pull Trigger and Walk in Straight Line
- Great for quick indoor warehouse concrete floor touch-up jobs

SS10

AEROSOL PAINT WAND

- 34" stencil paint wand won't break your back
- Perfect for quick stencil marking
- Holds 18oz aerosol paint can

WANDL

AEROSOL PAINT GUN

- Holds 18oz paint can
- Perfect for wall or curb marking
- Great for up-close paint and stencil marking

WANDHG

5 GALLON REGULAR

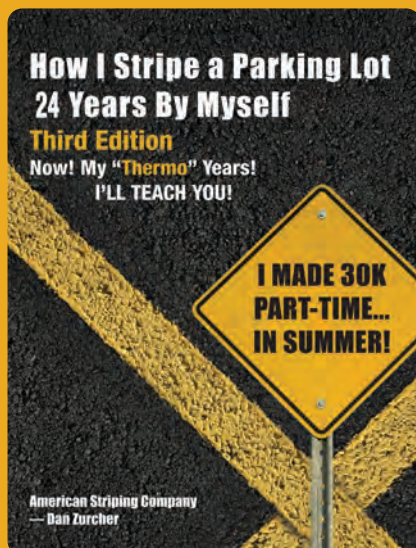

- Multiple Colors Available
- Perfect for parking lots, curbs, roads, etc.
- Contractor grade universal water based paint
- Adheres to all US Federal line striping specifications

ASD-1952B

5 GALLON FAST DRY

- Allows traffic in less than 10 minutes
- Adheres to all US Federal Specifications
- Contractor grade FAST-DRY water based paint
- Perfect for jobs where "time to traffic" is very important

ASD-1952E

You won't be disappointed with Dan's advice and guidance!

PLS-BOOK

GLASS BEADS & APPLICATORS

GLASS BEADS SINGLE 50LB BAG - TYPE I

- Road grade quality glass beads to create reflective paint
- Use with water based or solvent / oil based paints
- Apply by hand or dispenser to wet paint

GB1

GLASS BEADS SINGLE 50LB BAG - TYPE III

- Airport grade quality glass beads to create reflective paint
- Ideal for solvent / oil based paints
- Apply by hand or dispenser to wet paint

GB3

PALLET OF GLASS BEADS (TYPE I & III)

- Pallet of Type I or Type III glass beads
- Perfect for contractors
- Buy in bulk and save a ton of money

GB1-PALLET | GB3-PALLET

SANDLINER BEAD DISPENSER & DIFFUSER

- Covers 4" lines with ease; includes 3 tip sizes
- Walk and evenly spread glass beads without wasting material
- Wide diffuser attachment covers 15" for road stop lines

BL-16 (BL-WD DIFFUSER SOLD SEPARATE)

TITAN HANDIBEAD DISPENSER

- Covers 4" lines with ease; includes 3 tip sizes
- Walk and evenly spread glass beads without wasting material
- Includes diffuser attachment covering 15" for road stop lines

0290953A

SOLVENT (OIL) BASED LINE PAINT

5 GALLON REGULAR ALKYD

- Multiple Colors Available
- Adheres to all US Federal Specifications
- Contractor grade alkyd / oil / solvent based paint
- Covers 320 lineal feet of 4" wide line at 15 mils or 110 sq ft/gal.

ASD-115YI-5

5 GALLON CHLORINATED RUBBER

- Withstands minor impacts
- Leaves a high quality rubbery texture
- Perfect for curb marking or warning posts
- Covers 320 linear feet of 4" wide line at 15 mils thickness

ASD-115YII-5

5 GALLON CHLORINATED RUBBER

- Solvent Based Hybrid Paint
- Used by Airports and Race Tracks
- Withstands Tough Traffic Requirements
- Covers 320 linear feet of 4" wide line at 15 mils thickness

ASD-SUPY-5

BACKPACK PAVEMENT BLOWERS

REDMAX 5150RH BACKPACK BLOWER

- Light duty leaf and debris backpack blower
- 2.3 HP motor
- 487 cfm exhaust
- Perfect for beginning a crack repair or sealcoating business

EBZ5150RH

REDMAX 7500RH BACKPACK BLOWER

- Moderate duty leaf and debris backpack blower
- 3.94 HP motor
- 769 cfm exhaust
- A great compromise between price and power

EBZ7500RH

REDMAX 8500RH BACKPACK BLOWER

- Heavy Duty leaf and debris backpack blower
- 4.43 HP motor
- 907 cfm exhaust
- Best choice for anyone who needs serious power

EBZ8500RH

PAVEMENT PUSH BLOWERS

6 HP BILLYGOAT FORCE BLOWER

- 6 HP Subaru Motor
- Perfect for cleaning debris from parking lots
- Just under 200 mph airflow velocity

BGF601S

9 HP BILLYGOAT FORCE BLOWER

- 9 HP Subaru Motor
- Perfect for cleaning debris from parking lots
- Just under 200 mph airflow velocity

BGF902S

13 HP BILLYGOAT FORCE BLOWER

- Heavy Duty 13 HP Honda Motor
- Perfect for serious asphalt maintenance
- Just under 200 mph airflow velocity

BGF1302H

TROY BILT PUSH BLOWER

- 205cc Briggs & Stratton motor
- Perfect for driveways and small parking lots
- Up to 150 MPH airflow velocity

AES-TB672

SEALCOATING EQUIPMENT

When it comes to sealcoating equipment, for the beginner or seasoned contractor, we've got you covered. With more than 20 different styles of sealcoating systems ranging from our basic tote system to our workhorse systems featuring pneumatic diaphragm pumps and hydraulic agitation, there's no shortage of where we can help you get started or fit you with a fantastic upgrade. Even if you don't see what you're looking for, we also offer custom built systems to meet your needs.

Our tanks are available in top notch polyethylene made here in the USA or 11 ga steel and come with a variety of options. All of our sealcoat tanks, both spray systems and storage tanks, come with some form of agitation whether it's manual hand agitation, pump recirculation, hydraulic agitation or a combination of the three, your sealer will always stay mixed and ready to go. We have low pressure and high pressure systems to meet just about any demand and we've specifically designed our systems for use with sand mixed sealer.

All of our primary spray systems come standard with a minimum of 50' hose, a 6' heavy duty spray wand with tip and an inline filter to prevent clogging at the tip. Many of our systems have the option to add or upgrade to a manual or electric hose reel to make your workload easier at the end of the job and you can always upgrade other components as well.

Maybe you're looking for a portable spray system instead? We've got a handful of products that are a perfect match for you and we offer our portable spray systems as both low pressure and high pressure systems that are perfect for contractors starting out, homeowners with a lot of asphalt, property maintenance folks or anyone else on a budget with a big job.

It's difficult to point out every detail of our sealcoating systems so if we don't mention it here in the catalog, take a look at our website or call our sales department for the full list of options.

LOW PRESSURE STEEL SEALCOAT SPRAY SYSTEMS

STEELSKID PRO 300

- 300 Gallon tank made with 11ga steel
- Manual three paddle-rake and pump re-circulation agitation
- Built with 22" double steel manway and includes tank strainer
- Includes: Engine, Pump, Spray Hose and Spray Wand with tip

STEELSKIDPRO300

STEELSKID PRO 520

- 520 Gallon tank made with 11ga steel
- Manual three paddle-rake and pump re-circulation agitation
- Built with 22" double steel manway and includes tank strainer
- Includes: Engine, Pump, Spray Hose and Spray Wand with tip

STEELSKIDPRO520

HIGH PRESSURE STEEL SEALCOAT SPRAY SYSTEMS

STEELSKID PLUS 300

- 300 Gallon tank made with 11ga steel
- Hydraulic bi-directional sweep and pump re-circulation agitation
- Built with 22" double steel manway
- Comes standard with 1.5 gallon tank strainer and cox hose reel
- Includes: Compressor, Diaphragm Pump, Spray Hose and Spray Wand with tip

STEELSKIDPLUS300

STEELSKID PLUS 520

- 520 Gallon tank made with 11ga steel
- Hydraulic bi-directional sweep and pump re-circulation agitation
- Built with 22" double steel manway
- Comes standard with 1.5 gallon tank strainer and cox hose reel
- Includes: Compressor, Diaphragm Pump, Spray Hose and Spray Wand with tip

STEELSKIDPLUS520

STEELSKID PLUS 1000

- 1,000 Gallon tank made with 11ga steel
- Hydraulic bi-directional sweep and pump re-circulation agitation
- Built with 22" double steel manway
- Comes standard with 1.5 gallon tank strainer and cox hose reel
- Includes: Compressor, Diaphragm Pump, Spray Hose and Spray Wand with tip

STEELSKIDPLUS1000

SEALCOAT SYSTEM ACCESSORIES & UPGRADES

5.5 HP HONDA INDUSTRIAL ENGINE

- 5.5 HP Honda Engine
- Industrial Horizontal Shaft
- Cast iron cylinder sleeve
- For use with banjo pump

- Lightweight: only 87 LBS and a shock mounted handle
- 3HP Honda engine providing 1500 LBS of eccentric force
- Self cleaning base plate and heavy duty belt guard

TP-10

VIBCO PLATE COMPACTOR

- 5.5HP Honda engine providing 2000 - 3000 LBS of eccentric force
- Includes a 5 quart water tank
- Low oil indicator

TP-1830H

VIBCO ASPHALT ROLLER

- Compaction depth up to 8"
- Centrifugal compaction force of 1,000 LBS
- 5.5HP Honda engine providing 6500 vibrations per minute

GR-1600H

VIBCO ASPHALT ROLLER

- Dynamic hydrostatic propulsion in forward and reverse
- 5.5HP Honda engine provides 3,200 LBS of centrifugal force
- Travels up to 200 feet per minute and compacts up to 10" depth

GR-3200

ASPHALT HOT BOXES & RECLAIMERS

You can count on Asphalt Sealcoating Direct to bring you the highest quality Asphalt Repair Equipment at the best price in the industry. We work closely with our manufactures to ensure you get the equipment you need at the price you can afford without giving up the quality you demand and deserve.

With our dump models, the standalone electric over hydraulic 12-volt system allows the asphalt hopper to be smoothly raised and lowered up to a 35-degree angle. Perfect for repairing pot-holes, replacing utility cuts and larger asphalt repairs.

We carry an extensive line of Asphalt Hot Box Reclaimers available in sizes ranging from 2 Ton slip-in to 4 ton trailers. We also offer 4 ton dump boxes and many available options. Call our sales department for specifications and available options.

HOT BOXES & ASPHALT RECYCLERS

ORDERING AND ADDITIONAL INFORMATION

HOW TO ORDER:

You can order our products three ways, on-line through our secure website: www.asphaltsealcoatingdirect.com, by fax at 1-877-593-7077 or calling in at 1-800-689-2098. We may allow municipality's and federal government branches to use purchase orders if qualifications have been met.

PAYMENT:

We accept all major credit cards, electronic transfers, PayPal, and you can mail us a money order or certified bank check.

FINANCING:

We offer financing options through several independent companies. You are more than welcome to explore these options for payment. Contact us for details on these third party services or visit our website for more information.

SHIPPING:

We ship most non freight items with UPS Ground, and our primary freight carrier is Estes Express. We do however use several other freight lines when necessary. We will make every effort to ensure your freight and shipping cost is minimized as much as possible.

PRODUCT FULFILLMENT:

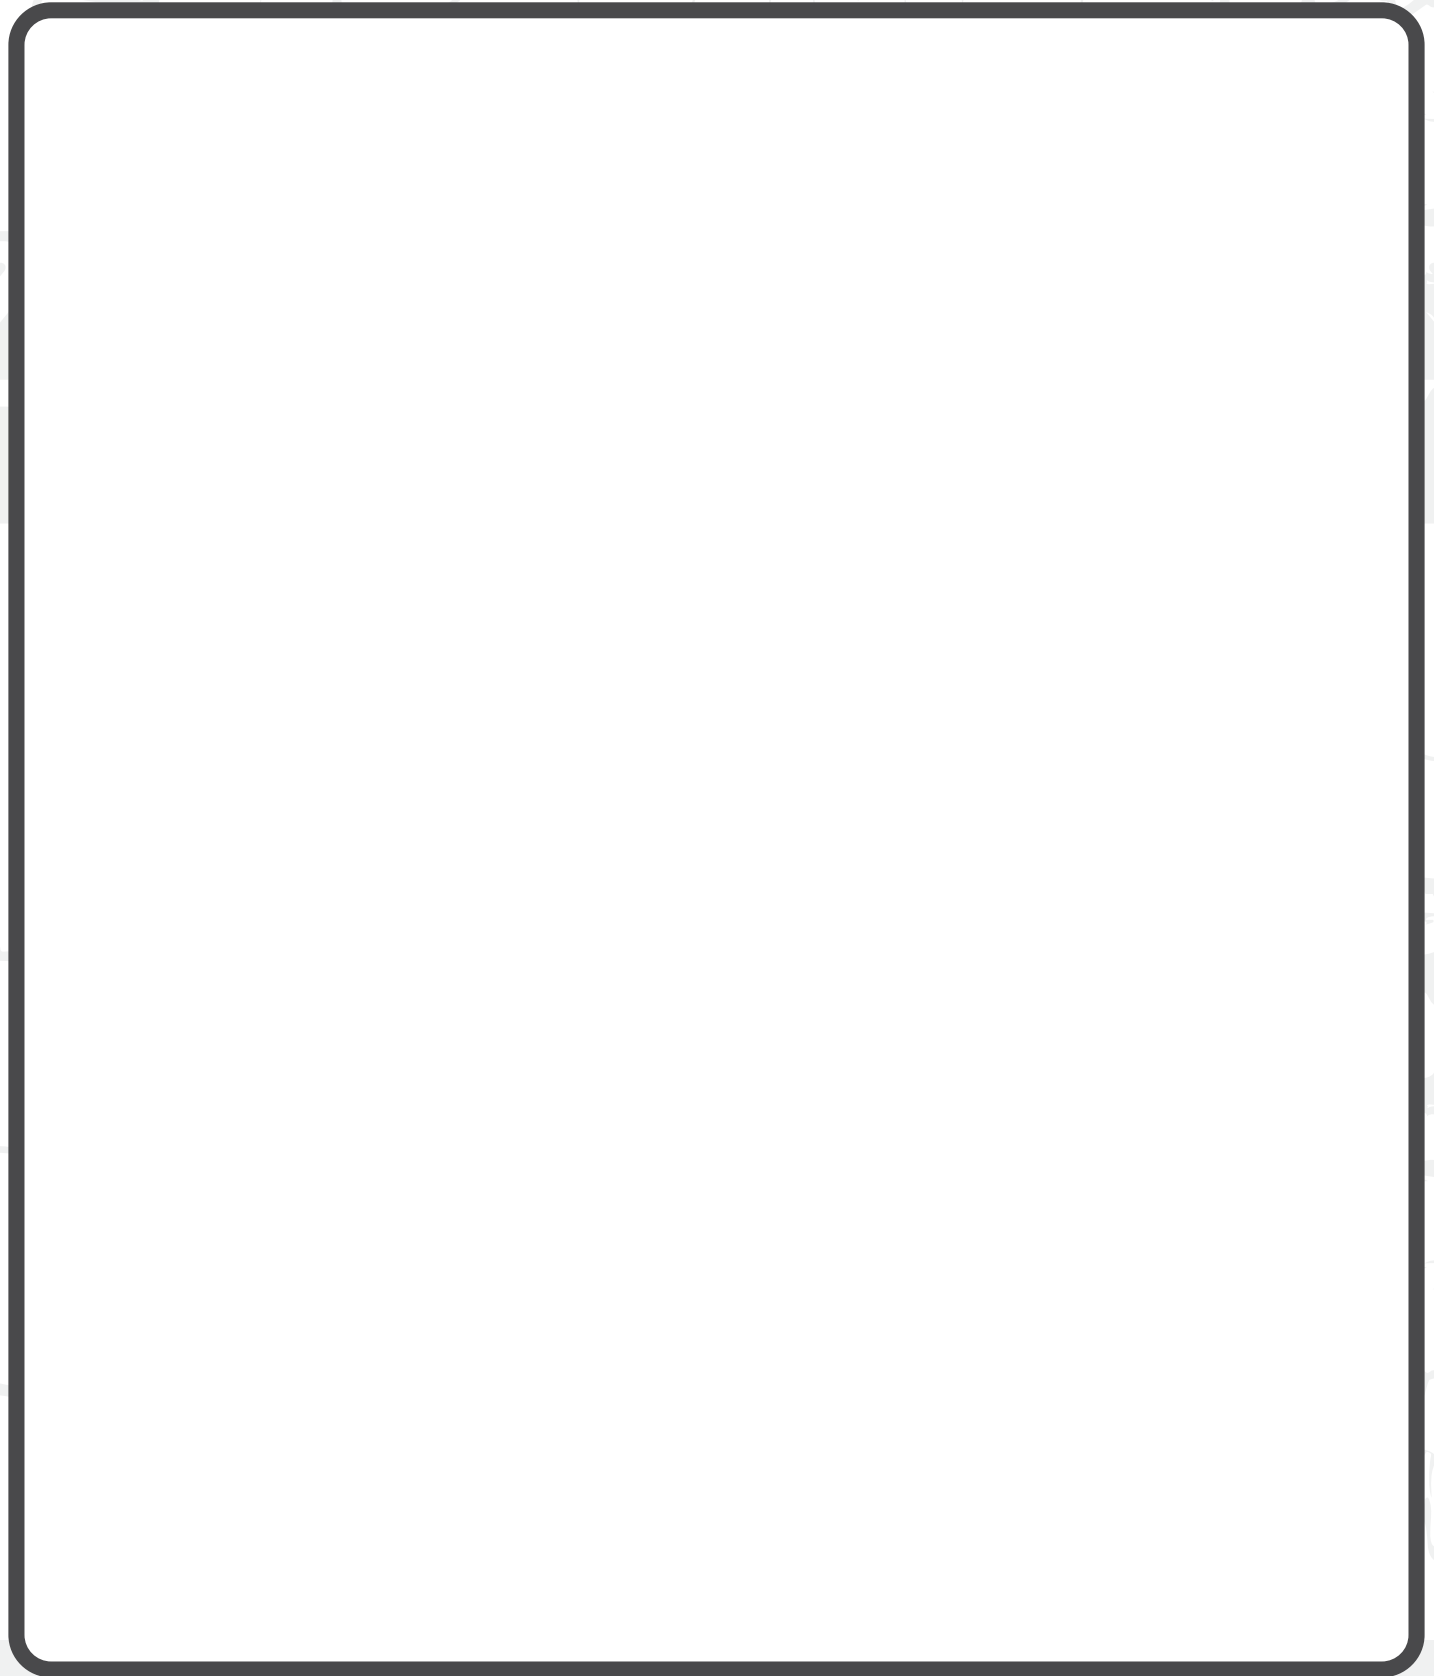

Your order will be processed usually the same day it's placed and always by the next working day. Please keep in mind that sometimes different products come from different warehouses and you might receive multiple packages.

WARRANTY:

Please refer to our website for complete warranty details.

TAKE SOME NOTES

A WORD FROM BRAD

Hi! I'm Brad Morris and I want to take a minute to first thank you for requesting our catalog. It means a lot to me and the Big A team whenever a customer requests one because it lets us know we're on the right track to providing what we feel, is a fantastic line of products.

When I began Asphalt Sealcoating Direct, it started out as a seed of a project that was inspired by my passion for business. I experimented with the idea for about a year, before making some awesome headway. From those garage days to today, I have taken on additional partners and watched the business grow into something completely unimaginable during those first years. I had no idea it would turn out the way it has and I have you, the customer to thank for helping me and the Big A team take a journey of a lifetime through this business venture.

What my experience has taught me, is that now more than ever, we need to reach out and focus less on the business at hand, and more on the people who make this business possible. Those people are the ones requesting catalogs; the one's calling our sales department or asking me technical questions; and the ones ordering online, allowing the team to focus on the individuals who need assistance.

My goal and personal dedication to you as the customer, is to make sure that you are taken care of. When you look at the Big A logo or the M&M Distribution logo, we want you to see more than just a website that sells asphalt products. We want you to feel like you are taken care of as a customer because that's what our brand has evolved into: "Taking care of the customer." and in order to convey this as best as I can, I am giving you my personal contact information and I encourage you to call or email me with any issues or concerns that you might have with our products, pricing or way of doing business. I want your business, it's just that simple and I'm willing to do what it takes to get your business and keep you as a lifetime customer. We want to grow as a business and we would be more than happy to watch you grow with us.

Again,
Thank You!

Brad Morris
